Proposed Information Flow and Review - India

MNM case identified by unit/faculty and documents submitted within 1 week to the NO after the patient is discharged

Data entry of all MNM cases to be completed.

A Quarterly report of all MNM cases is generated

MNM committee is held quarterly in which the MNM report is reviewed

Action Points firmed up. In the subsequent quarterly meeting the action taken is discussed and also the new quarterly report is reviewed.

DISTRICT/STATE LEVEL

District/State Committees review the reports and prepare their action points.

Consolidated report of trends and issues is sent to National Maternal Health division for further action

MNM – Maternal Near Miss

NO – Nodal Officer
